

Roll No:

**MBA**  
**(SEM. IV) THEORY EXAMINATION 2025-26**  
**HEALTH CARE TECHNOLOGIES**

**TIME: 3 HRS****M.MARKS: 100****Note:** Attempt all Sections. In case of any missing data; choose suitably.**SECTION A****1. Attempt all questions in brief.****2 x 10 = 20**

| Q No. | Question                                                        | CO  | Level |
|-------|-----------------------------------------------------------------|-----|-------|
| a.    | Define Bio-Medical Technology.                                  | CO1 | K1    |
| b.    | State any two challenges associated with healthcare technology. | CO1 | K2    |
| c.    | What is Telemedicine?                                           | CO2 | K1    |
| d.    | Differentiate between Telehealth and Telemedicine.              | CO2 | K2    |
| e.    | Define Industry 4.0 in healthcare.                              | CO3 | K2    |
| f.    | What is meant by predictive healthcare analytics?               | CO3 | K2    |
| g.    | Write two applications of Virtual Reality in hospitals.         | CO4 | K2    |
| h.    | What is Augmented Reality?                                      | CO4 | K1    |
| i.    | Define Artificial Intelligence in healthcare.                   | CO5 | K1    |
| j.    | Mention any two applications of IoT in healthcare services.     | CO5 | K2    |

**SECTION B****2. Attempt any three of the following:****10 x 3 = 30**

| Q No. | Question                                                                                                                  | CO  | Level |
|-------|---------------------------------------------------------------------------------------------------------------------------|-----|-------|
| a.    | Explain the present trends in healthcare technology and discuss the problems associated with healthcare technologies.     | CO1 | K3    |
| b.    | Discuss the classification of medical devices and explain the role of telemedicine in improving healthcare accessibility. | CO2 | K3    |
| c.    | Describe the concept of Industry 4.0 and explain its impact on hospital management systems.                               | CO3 | K4    |
| d.    | Explain the applications of Virtual Reality and Augmented Reality in medical training and patient care.                   | CO3 | K4    |
| e.    | Explain Robotics Technologies and their applications in surgical and rehabilitation healthcare services.                  | CO5 | K4    |

**SECTION C****3. Attempt any one part of the following:****10 x 1 = 10**

| Q No. | Question                                                                                                | CO  | Level |
|-------|---------------------------------------------------------------------------------------------------------|-----|-------|
| a.    | Explain the mechanism to ensure the appropriate use of healthcare technologies in developing countries. | CO1 | K3    |
| b.    | Discuss the importance of planning and adopting appropriate technology in healthcare organizations.     | CO1 | K4    |

**4. Attempt any one part of the following:****10 x 1 = 10**

| Q No. | Question                                                                                         | CO  | Level |
|-------|--------------------------------------------------------------------------------------------------|-----|-------|
| a.    | Explain various innovations in medical devices such as robotics, implants, and wearable devices. | CO2 | K3    |
| b.    | Explain quality assurance and regulatory requirements for medical devices.                       | CO2 | K4    |

Paper ID : 262072

Printed Page: 2 of 2

Subject Code:KMHC407

Roll No:

**MBA**  
**(SEM. IV) THEORY EXAMINATION 2025-26**  
**HEALTH CARE TECHNOLOGIES**

**TIME: 3 HRS****M.MARKS: 100****5. Attempt any one part of the following:****10 x 1 = 10**

| Q No. | Question                                                                                    | CO  | Level |
|-------|---------------------------------------------------------------------------------------------|-----|-------|
| a.    | Discuss digital transformation in healthcare under the Industry 4.0 framework.              | CO3 | K4    |
| b.    | Discuss data governance and regulatory compliance issues in healthcare information systems. | CO3 | K5    |

**6. Attempt any one part of the following:****10 x 1 = 10**

| Q No. | Question                                                                                              | CO  | Level |
|-------|-------------------------------------------------------------------------------------------------------|-----|-------|
| a.    | Discuss the role of virtual reality in enhancing patient experience and pain management in hospitals. | CO4 | K3    |
| b.    | Discuss the challenges and future prospects of Virtual Reality in healthcare management.              | CO4 | K5    |

**7. Attempt any one part of the following:****10 x 1 = 10**

| Q No. | Question                                                                                  | CO  | Level |
|-------|-------------------------------------------------------------------------------------------|-----|-------|
| a.    | Explain the applications of Internet of Things (IoT) technologies in healthcare services. | CO5 | K3    |
| b.    | Discuss the issues and opportunities in the use of Artificial Intelligence in healthcare. | CO5 | K4    |
