MBA
(SEM IV) THEORY EXAMINATION 2022-23
CLOUD COMPUTING FOR BUSINESS

Time: 3 Hours**Total Marks: 100****Note:** Attempt all Sections. If require any missing data; then choose suitably.

SECTION A

1. Attempt all questions in brief.**2 x 10 = 20**

- a. What are the major challenges faced in cloud?
- b. Explain Grid Computing.
- c. Differentiate between public and private cloud.
- d. What is resource provisioning?
- e. Discuss Enterprise risk management.
- f. What is security issue in cloud computing?
- g. Differentiate between distributed Computing and Cloud Computing.
- h. What is application security layer?
- i. Is cloud computing the future of business?
- j. What is Hypervisor?

SECTION B

2. Attempt any three of the following:**10x3=30**

- a. Write short notes on:
 - Software virtualization
 - Network virtualization
- b. Define E-mail security services in cloud computing.
- c. What do you mean by cyber threads in cloud computing?
- d. Draw the architecture and explain the importance of workflow management system in cloud.
- e. Identify NIST cloud computing reference architecture with a neat schematic diagram.

SECTION C

3. Attempt any one part of the following:**10x1=10**

- a. Explain the migration of memory, files and network resources in detail.
- b. What are the major functionalities of Hadoop API?

4. Attempt any *one* part of the following: 10x1=10

- a. Explain briefly the security concerns of cloud computing.
- b. Explain the concept of seven-step model of migration into a cloud.

5. Attempt any *one* part of the following: 10x1=10

- a. What are the challenges in SaaS? Explain
- b. Discuss the concept of Amazon web service in cloud.

6. Attempt any *one* part of the following: 10x1=10

- a. Explain in detail Infrastructure-as-a-Service. Enlist and brief about various advantages and disadvantages.
- b. What is Enterprise risk Management in Cloud Computing?

7. Attempt any *one* part of the following: 10x1=10

- a. Describe the concept of Life cycle of SLA.
- b. Explain the concept of Microsoft Azure resource provisioning service.
